

ART ARCHITECTS, BUILDERS, CONTRACTORS, &c.

**SPECIMENS TO BE SEEN AT THE EXHIBITION,** in the extreme south-eastern end of the building, adjoining the United States department.

The PATENT ROUGH PLATE is manufactured in sizes specified. Not being transparent, kinds of colors and when used in combination with other plates, is extremely suitable for the Glazing of Conservatories and Roofs of all kinds; also Factories, Workshops, &c. &c. For further particulars apply to Messrs JAMES HARTLEY and CO., Wear Glass Works, Sunderland. N.B.—The Patent Rough Plate is supplied at a much lower cost than the common Rough Plate—May 1, 1879.

**ARCHITECTS or BUILDERS** requiring  
RICHMOND in COMPOSITION. CEMENT,  
PLASTER, cannot have better executed work than that produced by  
W. H. SMART, JR., of 19, CROWN-STREET, PHIMMOY,  
who will be happy to give Estimates for work of any magnitude, in  
a reduced rate of charges. Robust designs modelled with pre-  
cision, and generally truthfully carried out. Established in the  
family three-fourths of a century.

**JOINTS AND OLD STUCCO CRACKS.**—This cement, from the great producers in price, and its suitability for internal or external work, has been used for many years in all climates and it has no toxic qualities; may be painted or stained in a few days; never blisters, cracks, or regresses; soon becomes as hard as stone; and may be cleaned with a brush and water.

The merits of the **PAINT** are well known for the applications to be stucco work of all kinds and external work generally. Numerous testimonials, photographs, and every information may be obtained on application to the Sales Agent, **PHILIP HARRIS**, at the Warehouse, 40, Strand, Upper Waterloo Street. A liberal allowance to wholesale buyers.
